

# Company Profile

We create comfortable homes and workplaces where families and employees gather and find serenity and breathe easy. We have set a benchmark for the competitors in our market by inducting paths of excellence in service while being lucrative at all times

# About Us

Beginning its journey back in 2004, **Cool n Cool Refrigeration** is one of the leading air conditions and cooling equipment company of Karachi, covering almost all the major areas of this economic hub of Pakistan. Maintaining the highest degree of professionalism and integrity, **Cool n Cool Refrigeration** provides services related to sale, installation, maintenance, reactivation of refrigeration and air conditioning equipment with a vast range from Split system to a complex HVAC system like V.R.F, M.R.V, Chiller, Split systems etc.

Being the most successful and reliable company, we are serving residential, industrial and corporate sectors. Being a customer-oriented company, we nurture relationships with our valued clients and provide top quality installations, maintenance and caring service, with timely and professional interactions by our team of skilled professionals.

We create comfortable homes and workplaces where families and employees gather and find serenity and breathe easy. We have set a benchmark for the competitors in our market by inducting paths of excellence in service while being lucrative at all times, whether it is a new air conditioning system installation, repairs, reactivation or a routine inspection of your unit, our knowledgeable professionals guarantee your complete satisfaction on every job we do. We have set our customers as our topmost priority thus we deliver work in the best interest of our customers.

# Mission Statement

Our mission is to provide quality Cooling and refrigeration equipment with unique designs, perfect installation and maintenance to residential, industrial and corporate sectors. We strive to deliver superior cooling service beyond clients' expectations, resulting in superior levels of respect from our community by providing quality services and hiring, developing and retaining employees who are committed to bring our growth and customer satisfaction to the next level.

# Vision Statement

Aims to be recognized as a premier cooling and air conditioning services provider, while setting superior standards for the competitors. To provide our clients with ultimate comfort we strive to be competent through creating and maintaining the ideal indoor living or working environment during the summer season delivering THE BEST in equipment quality, innovative technology, support and a superior customer experience, which other companies aspire to achieve.

CEO  
Imran Ramzan

## CEO Message

In these recent times where, constant change is prevailing in every industry around the globe, where dynamism is key to success and advancement in technology is challenging us daily to cope, this dynamism has constantly reminded us to do some innovation in technological strategies and sharpen our edge. This dynamism, if neglected, would result in more challenging situations so **Cool n Cool Refrigeration** company is paying special attention to technology advancement to be a competent company in the market. Here, at **Cool n Cool Refrigeration**, we are constantly updating our products, we are combining up-to-date technology and professionalism, with the core of our values and ethics.

# Our Business Values
